Simple Installation

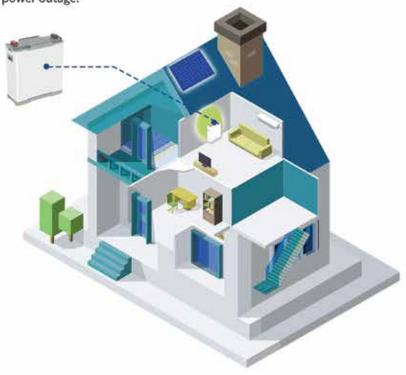

Safe & Reliable

matters need attention:

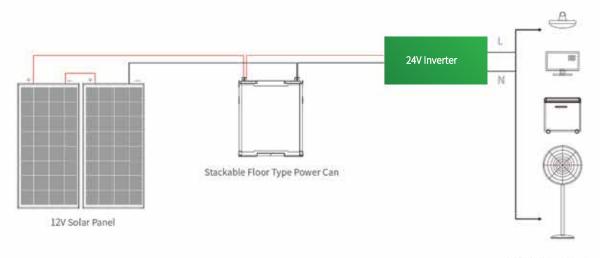

- It is strictly forbidden to install near bedroom and nearby flammable material.

 Installation in inhabited rooms is not rec-
- ommended.
- It is strictly forbidden to use the controllers, inverters, inverters and controller integrated equipment which are not professionally matched.

PRODUCT ADVANTAGES

AC Electrical Appliances

- All in one mould design and production, easy to install.
- LifePO4 battery has a life-span of over 12 years with a DC output and a design that is dustproof, reliable, and safe.
- Integrated packaging, safe and convenient to transport.
- Wide voltage input; during unexpected high voltage input, LifePO4 battery can effectively block the high voltage, so that the BMS of the battery won't break down; hence, greatly reducing the risk of thermal runaway combustion of lithium battery.
- Compact appearance design, extremely compressed product
- thickness, greatly reducing space occupancy.
- High quality aluminium magnesium alloy, anti-corrosion, substantial, durable, artistic, practical.
- Integrated charging and storage, reduced wiring and installation that facilitate user operation

Military aviation plug

Never oxidize in high temperature, high humidity and high-salt environment; No risk of thermal runaway and fire

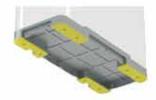

Split-type building block design

Buckle design, which can increase the capacity by alignment and stacking. Firmly fixed and can be carried by single person

Rubber Feet Pad

The bottom of battery is equipped with rubber feet pad to increase safety and play roles of shock-proof buffer, anti-static, electrical insulation and so on.
